DREAM BIG
BE A PART OF SOMETHING GREATER

THE MOST COMPREHENSIVE INTERNATIONAL HEALTHCARE CONFERENCE AND TRADE SHOW IN THE INDUSTRY

“I’ve had a very positive experience at the congress. I’ve been meeting with people from around the world, what is interesting is to find countries that have unique business opportunities. The unique things that they offer are things that I can put on my website and use it as an anchor for solutions to my patients. This would not have been available to me if I had not been invited through the MTA’s VIP buyers program.”

WARREN KAMINSKY
HEALTH TRAVEL TOURS (USA)
CONNECT WITH VIP BUYERS

- Buyers who attend the World Medical Tourism & Global Healthcare Congress get the opportunity to meet with top healthcare providers from around the globe and expand their provider network.

- VIP buyers get the added value of certain costs reimbursed or waived. What better method of networking than to attend the conference that gathers all of the players in one place.

- For example, recently MTA member and self-funded employer, Blue Lake Casino, saved big on healthcare costs by sending an employee to France. Both the medical facility and company were able to meet at the congress and begin the discussion of how they could help one another.
In 3 days at the WMTC you will make more connections than in years on your own. Don’t take our word for it, here is what past attendees have to say:

“We have been able to learn a lot about the medical tourism industry from Africa to Asia to America and more, on just the second day. We are looking forward to the rest of the conference. We have met a lot of people from around the world.”

**JIRAPONG SRUPSrisopa** – Healthticket.co, Thailand

“the conference had been very good and productive, a lot of networking with people who have the same interests as us. We have been sharing our experiences in the industry and learning a lot from people from all parts of the world that have helped us to expand our vision in a better way. The networking has been amazing, people from all over the world are here and available to meet with. It’s a very multicultural environment that’s good for business.”

**Adolfo Calzadilla** – MTA Chapter in Venezuela

“Being able to attend the conference has been the best opportunity. I wanted to promote my company as much as possible and this conference provided a great opportunity for that. I’ve been able to network with a lot of people and make new connections. I’m very happy that I was able to be here.”

**Dr. Shirya Mattoo** – Medimantra Healthcare Solutions Pvt. Ltd., India
